

I can look at one of them all  
the time, but wish I could see  
the original one. for I would give  
almost anything to see her now.  
We have not had any rain for a long  
time and nearly all the flowers have  
withered and faded away.

I hope you will have a good time  
next Sunday at the singing.

I trusted you will find 7 of those  
good looking photos. I wish I could  
pick all of them so I could put one  
in all my pockets to look at all  
through the day.

You must excuse my short letter  
as I am very busy today and  
have been for several weeks  
but will always my dear ones  
sweet letter. Well I must close  
for this time excuse haste  
Good By By Dear one of all  
Yours Walter Amely city
